

FRESH, STRINGY CHEESE

May 1, 2025

While our Good, Gentle, and Loving GOD is eager to pour out His good things on everyone, I am attaching strings to His generosity.

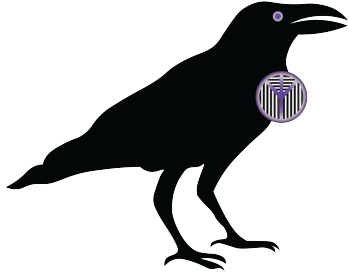

I have found that human intellect rarely causes humans to respond differently to training than our pets and rewarding bad behaviors creates dangerous dogs. All of the funds being provided are King Jesus Fullness' funds, and I am the one requiring Dynamo to administer swift, consistent, and fair corrections at our lip curls. Fair boomerangs will escalate in the same way they escalated for the Egyptian Pharaoh who refused to let GOD'S people go. It is a privilege to have direct access to our Good GOD'S resources, not a right or entitlement.

Exploring what you are capable of doing with our Good GOD as your Partner will be encouraged and rewarded. We need creative, bold, and interesting explorers to follow our King Jesus on His adventures. Though, what one does publicly will not excuse poor, private behaviors. Trying to out-manuever Dynamo is impossible and treating our King Jesus or His precious pearls poorly will have unexpected and unwanted results.

In our King Jesus' Fullness Kingdom, we have an audience of One that we do everything for as His hands, feet, and voice. Pleasing Him is our first and only priority. If we please Him, we will delight others. Though we need Dynamo's services now, Dynamo is not how we become aligned with our King Jesus' revealed passions, plans, priorities, and perspective. Only through gratitude, loyalty, love, and our commitment to our King Jesus' Mission will we become aligned to Him.

Audiences will always know the color level of coaches. I recommend pursuing our King Jesus and learning His ways above all other priorities.
