

## Rethinking GOD'S Rainbow Marriages | Part 15 | Index

Our King Jesus is inviting us to come alignment with Him and not exclude His Rainbow Children from being fully included on Team Jesus.

To recap this series, I'd like to review each part:

In Part 1 we learned that we can be convinced to commit crimes against humanity in an hour for no benefit to ourselves. Dr. Stanley Milgram proved that mankind is incredibly susceptible to treating others as we wouldn't want to be treated if an expert tells us to do it and assures us that we won't be held accountable for our actions.

In Part 2 we were shown how GOD links His Authority and His Accountability. When we cite Biblical Authority to oppose GOD'S Rainbow Marriages, we're blaming the Bible and by extension GOD for our opinions and actions. When we refuse to be held accountable for our own actions, we refuse to become eligible to borrow our King Jesus' Authority.

In Part 3 we learned that religion is allowing anything or anyone between us and GOD. When GOD asked the Israelites to climb Mount Sinai to meet with Him face-to-Face, they refused and demanded a religion with Moses standing between themselves and GOD. Therefore, the Israelites chose Satan's Temple System over having a direct relationship with GOD just like we can.

In Part 4 we learned about Jesus' system of training us by being our expert guide and Satan's plan to get us to follow anyone or anything but Jesus. If we don't grab hold of our King Jesus and make Him our Leader, we're as easy for Satan to deceive as Adam & Eve were.

In Part 5 we learned what's happening from our Good GOD'S Point of View. We learned that we are in an intense week of training that GOD never wants to repeat. Our King Jesus is eager to train us how to unite 'As One' with Him and partner with Him to make 'on Earth like it is in Heaven'.

In Part 6 we were taught how to *voir dire* our expert witnesses by how well they connect their Biblical teachings to King Jesus' Prime Directives. Jesus taught us that all of our Scriptures must hang on teaching us to Love GOD and Others better. If they don't, GOD says we've missed His point for giving them to us.

Part 7 addressed Moses' ban on men having sex with men and noticed he ignored women. We also learned that our King Jesus gives us a choice on how

we will be judged. What isn't an option is judging others by Moses' Law and still expecting our King Jesus to judge us by James' Law of Liberty.

Part 8 addresses GOD'S marriages. We noted that while Jesus was under Moses' Law, He couldn't contradict it by affirming same-sex marriages and still fulfill His mission as our Spotless Lamb. We also distinguished between GOD joining two into one during intimacy and mankind's misuse of our paper certificates to tear asunder what GOD joined together.

Part 9 addressed Sodom and Gomorrah. If that were Moses' and Paul's only understanding of men having sex with men, we can all understand why it would warrant their death sentences. Even so, Jesus looked at the real evidence provided by the people who were crying out to Heaven for help. Jesus also judged the inhabitants of those cities as individuals. Only after He couldn't find 10 people that treated others as they would want to be treated, did He destroy Sodom & Gomorrah.

In Part 10, Paul's first chapter in Romans exposes Team Satan's levels of alignment with Satan. This explains why Exodus International was a complete failure yet we continue to hear transformational testimonies from previously gay men and lesbian women.

In Part 11, we connected Paul's new, Greek word, *arsenokoitēs*, back to Moses' Law in the Greek Septuagint. This obvious connection means Paul is relying on Moses' sound doctrine rather than Holy Spirit's fresh inspiration. Besides that, no one, including Jesus or Paul, can modify our New Covenant that our Good GOD made with us. Therefore, we can treat these verses in a similar manner to Moses' Laws. It's still our choice on how our King Jesus will judge us by how we judge others.

In Part 12, The Greek word, *malakós*, exposed the spirit behind our Bible experts and translators. They have been found compromised and untrustworthy.

Part 13 taught us that while Jesus was under Moses' Law, He was unable to teach anything that would contradict the Law of Moses and still be considered our Spotless Lamb. Instead, our King Jesus made sure to teach us that our solution of life-long celibacy is from mankind not GOD. Second, King Jesus put a stumbling block directly in the path of every Bible expert. Their excuses and justifications proved that they wanted to use the Bible rather than follow Jesus. Third, we heard our King Jesus testify that He affirms Rainbow Marriages since He's asking us, male & female, to be His Bride.

Part 14 is calling His Swan Solutionaries that our King Jesus has selected for their ability to untie knots. They are being invited to host our King Jesus' New Jerusalem Council in 2026.

Part 15 I believe this is my last video about our Good GOD'S Rainbow Marriages. Remember to keep your eyes on Jesus so you can be wiser than Satan and as harmless as Dovee and may our King Jesus' Force be with you!
